

# California GIS Council Workgroup Report

<p><b>Workgroup: Strategic Planning</b>                  Workgroup page*: <a href="http://cgia.org/cagiscouncil/workgroups/strategic-plan">http://cgia.org/cagiscouncil/workgroups/strategic-plan</a>                  Workgroup Chair: Mark Greninger</p>	<p>Report Date: June 9, 2016</p>
--	--------------------------------------

\*See the workgroup page for workgroup charter, members, contact information, and prior reports.

## Requests for Council Action

None at this time

## Status Update

The Strategic Planning Working Group (SPWG) had a working meeting at the 2016 CalGIS Conference. Notes were compiled at that meeting, and are attached to this document.

## Legislative/Policy Update

None.

## Next Actions & Key dates

List next actions and key dates

Action	Key Date
Next workgroup meeting	TBD

## Documents and Attachments

Working meeting notes..

## Notes

Any other items that the workgroup would like to note.

# California GIS Council Strategic Plan

## Notes from CalGIS Working Meeting

### California Spatial Data Access

Develop a self-evaluation tool or scorecard for data completeness, access, etc.

Develop an award or recognition for completeness and/or openness

Develop a method for ensuring data access during disasters and emergencies

- A repository for GIS Data – see Colorado website

- Create a statewide library of GIS Data

Identify Stewards of identified critical data

### Advisory

Develop a mechanism to receive and review requests for policy support

Leverage the Forums on the Council site for advice

### Collaboration

Get more people to join the Council

Review other councils (e.g. New Mexico) and use them as a model

Use the Forums on the site to support collaboration

### Collaborative Policy Development

Emergency Response (leverage NAPSG)

Collect various policies that already exist

- Data Access Policies

- State Geocoding Policy

Collect best practices that already exist

Review Information Models

- Address Standards (NENA)

- Open Street Map

Boilerplate GIS language for contracts

## Communication

Make sure our website is listed higher in Google Results

Leverage the map of CA GIS Contacts maintained by CGIA

Establish communication plan and platforms

Links to existing organizations

CGIA, URISA

Pre-register folks on the website

Connect via Twitter

Support face to face meetings statewide

Develop a working group annual report

Create a report after a survey of data holding statewide

Develop Case Studies that showcase:

Contracts, Programs, Apps

## Planning and Strategy

Maintain this strategic plan

Review existing strategic plans and documents and leverage those

Prioritize data layers that should be maintained (survey council members to prioritize and update the current document)

Identify Strengths and Weaknesses

Improve HAZUS
