Nominated By: <u>Self</u>	

Please Respond to the Following (150 word limit each) :

Personal Statement:

I have served on the CGIA board for the last five years as Chair and Vice Chair. During my time on the board we have enjoyed membership growth and a fresh set of new members to carry on our great group. I want to continue serving the GIS community and board and continue to be a resource for all of California GIS people.

Professional Background:

I have been in the GIS industry for the last 15 years as a GIS Analyst, GIS Manager, Remote Sensing professional and more recently a professional in the 911 GIS world. I have a broad perspective of the geo-spatial world and continue to build my professional portfolio in GIS.

Other boards and committees on which you have served:

Please review our mission statement at <http://cgia.org/about-cgia/mission/>

Tell us what you bring to the board to help accomplish this mission:

My first priority would be to serve the goals of the new chair and provide any help where she felt it was needed. The two additional goals I have set for myself would be to work to fully populate the "Map of California GIS Contacts" by reaching out to the community to help but also fill in many of the empty spots myself since i know quite a few in the GIS community. The second goal I have is to help build our sustaining membership group by reaching out to companies and organizations to talk about the value of being part of the California GIS community.
