

# California GIS Council Workgroup Report

<b>Workgroup: Geodetic Control</b> Workgroup page*: <a href="http://cgia.org/cagiscouncil/workgroups/geodetic-control-workgroup/">http://cgia.org/cagiscouncil/workgroups/geodetic-control-workgroup/</a> Workgroup Chair: Scott Martin	Report Date: December 4, 2015
---	----------------------------------

\*See the workgroup page for workgroup charter, members, contact information, and prior reports.

## Requests for Council Action

## Status Update

Select group members are working on writing the final Strategic and Business Plans, including recommendations for State level support for the primary infrastructure required to maintain a geodetic control backbone in California. Because of heavy workloads, the finalization of the reports has been progressing slowly the past few months. No work group meetings have been held since June, 2015. We will reconvene in early 2016 to go over the reports to approve and submit to the Executive Committee and Council

## Legislative/Policy Update
