

California GIS Council Workgroup Report

Workgroup: State Plane Coordinate System

Report Date:
June 9, 2020

Workgroup page*:

Workgroup Chair: Nathaniel Roth

*See the workgroup page for workgroup charter, members, contact information, and prior reports.

Requests for Council Action

No concrete action.

Suggest that the GIS Council entertain a motion to convene a discussion group of GIS practitioners across all sectors to discuss next steps if CSLA does not take action, and possibly even if they don't.

Status Update

Based on the prior discussion to await a response from the California State Land Surveyor's Association we have been waiting for CSLA to have their meeting or release information. They have not done so yet. California has been granted an extension to provide input to the end of the year.

Legislative/Policy Update

None
