Workgroup page*: Geodetic Control

Workgroup Chair: Scott Martin

Report Date:
September 10, 2020

*See the workgroup page for workgroup charter, members, contact information, and prior reports.

Requests for Council Action

None

Status Update

No meetings. Briefed, via email, the State Plane Coordinate Work Group on the status of the future California State Plane Coordinate System.

The National Geodetic Survey has announced a delay in the delivery of the National Spatial Reference System Modernization Project from 2022 to the 2024-25 timeframe. More information can be found here:

<https://www.ngs.noaa.gov/datums/newdatums/delayed-release.shtml>

Legislative/Policy Update

Provide any updates on legislation or policies that are relevant to the workgroup
