

# California GIS Council Workgroup Report

## Workgroup: Elevation

Workgroup page\*:

Workgroup Chair: Nathaniel Roth

Report Date:  
September 10, 2020

\*See the workgroup page for workgroup charter, members, contact information, and prior reports.

### Requests for Council Action

None

### Status Update

Lidar Data: No new datasets are publicly available.

Ongoing collection or processing prior to delivery: El Dorado (delivery may be imminent), Carr, Hirz, Delta Fire LiDAR, Yosemite NP, Santa Clara, Southern Sierra, Fresno, Panoche-San Luis, Estrella, Santa Ana, San Joaquin Valley Floor.

3D Nation Study: Edits are in progress with USGS

Statewide Lidar: See Legislative/Policy Update

3DEP BAA, Webinar was on 8/19, info available: <https://usgs.gov/3DEP/fy21baa>

California LiDAR Status map: <https://arcg.is/1KajT4>

Opportunity: NAIP Collection Digital Surface Model and Stereo Imagery through Hexagon

### Legislative/Policy Update

As noted before, the Statewide LiDAR budget item did not survive the May Revise, there's no likelihood for significant state seed funds.

### Next Actions & Key dates
