NG9-1-1 Working Group

1) CalOES and their contractor GeoComm and preparing first round of deliverables (which includes critical errors) for county/city review.

2) Educational workshops will soon take place for counties/cities to learn the data submission process through GeoComm's platform.

3) Road Name parsing guidelines (how to break a road name into its component parts) have been created by the Taskforce and are available for the public to review.

4) Taskforce and Workgroup will both meet soon to gather public guidance on support required and promotion of CalOES' NG9-1-1 GIS project.

*Taskforce =CalOES sanctioned NG9-1-1 GIS Taskforce (limited to county/city jurisdictions to guide CalOES' GIS project.)
*Workgroup = CA GIS council sanctioned subcommittee to communicate work from the Taskforce, and to provide public guidance for CalOES NG9-1-1 GIS project and Taskforce.
