Status Update

- We are on track to have complete coverage of California acquired by the end of the calendar year.
- The last portion of California has been selected for collection by a federal partnership including the USGS, BLM, and FEMA.
- New releases: Portions of the 2022 Sierra Nevada, and most of the Salton Sea are now available as provisional data.
- Many of our collections from 2022 and 2023 are scheduled for completion this calendar year.
- USGS LiDAR explorer: <https://apps.nationalmap.gov/lidar-explorer/#/> (updated link)
- LiDAR status map: <https://www.arcgis.com/apps/View/index.html?appid=9204adf2fd1546379b845d163ef2544a>
