

## Fourth Annual Los Angeles Geospatial Summit

*Attention: Undergraduate and graduate students in GIS and related geospatial disciplines*

The Fourth Annual LA Geospatial Summit is now accepting proposals to present 10-minute papers with five-minute Q & A or posters, an important career development opportunity.

The summit is a one-day event presented by the USC Spatial Sciences Institute in collaboration with other Southern California GIS programs, to explore emerging trends in geospatial science, technology, and applications. Students will have the opportunity to hear panels and presentation by industry leaders and network throughout the day, including at the new Industry Fair and closing reception.

To apply, submit 200-word abstracts to your academic program director by Monday, January 13, 2013. Download the [proposal form](#). The USC Spatial Sciences Institute will notify selected students by the end of January 31, 2014.
